Use the following information to connect to your PostgreSQL database from pgAdmin:

Server / Host / Address:	143.198.247.195
Port:	5432
Username:	[See below table]
Password:	[Student ID with numbers only]
Database / Maintenance DB:	[See below table]

You should periodically download a backup of your database just in case. Please do not do this to often because it is a resource intensive operation: http://143.198.247.195/manage/index.php
